"FASTEN UP YOUR SEAT BELTS"

An Event where you can test your skills and knowledge about engines through Quizzes and Practical events

Round 1:

- The team will be given problem statements pertaining to a specific part or component of the automobile.
- The time limit will be given, and participants will be evaluated based on their solutions.

Round 2 :

- The team will be given automobile parts like: wheel, wooden block (which they have to design according to their vision by carving it) etc. and would be asked to cut it to given specifications.
- Student will be qualified for the next round on the basis of accuracy of their work piece (their measurements should match with the given/decided measurements).

Round 3 :

- The team will be provided with an Wooden Block.
- The Team have to craft the wooden block in such a shape that the block travel as far as possible.
- The wheels will be provided by the coordinators.
- A ramp will be provided by volunteers.
- The judgement will be passed according to the performance of the assembled automobile on the ramp.

Rules :

- The supervisor will conduct the inspection.
- The number of points/marks awarded will be determined by the accuracy of the job completed in the allotted time.
- Points will be awarded based on the number of parts.
- The final decision lies in the hands of the coordinator. Coordinator reserves the right to change the rounds and the rules on the day of the event.
- If a participant misbehaves or does not obey the rules and regulations of the event, event coordinators reserve the right to disqualify the participant.
- Teams should report 30 minutes prior the event.
